

◆ Feature

- ◆ Paired with the Ball Lock, the design ensures stability, keeping the handle firmly in place.
- ◆ The ball secures the panel with high strength, preventing the handle from being easily pulled out.
- ◆ Features a 90° folding mechanism for space-saving and noise reduction.
- ◆ The plastic handle is heat-resistant, electrically insulated, rust-proof, and reduces noise.
- ◆ Customizable handle colors can match functionality or corporate identity to meet various needs.
